

The New Vitodens 100-W

The new future-proofed range offers unrivalled simplicity and convenience to everyone, with:

WiFi inside

- simple guided commissioning via the Vitoguide app
- homeowner control of heating and DHW programmes using the ViCare app
- 3rd party controls not required when using ViCare Thermostat

ViCare Thermostat

- load-compensated control meets 'Boiler Plus'
- battery powered
- RF connection

Accepts up to 20% hydrogen/methane mix so is H2-ready
Weather data, Geolocation & remote monitoring coming in 2021
